The story of travel involves more than a ticket and a passport. It tells of the stories and passions that fueled our forebears' explorations and of the people and places they encountered. It captures the history, the culture, the geography, the climate and the wildlife that make each destination special. It is the tale of the epic journey of the human soul, the quest to understand the world and to find a place where we can belong. Travel is about more than just getting from point A to point B. It is about the experiences we have, the memories we create, the people we meet, the stories we tell. It is about the transformation that comes from being outside our comfort zone, from seeing the world through different eyes. It is about the sense of freedom, the sense of adventure, the sense of discovery. It is about the joy of exploring, the joy of learning, the joy of sharing. It is about the possibility of being something more, of becoming someone different, of living a life that is bigger than anything we could ever imagine.

The incomparable value of your journey lies in the personalized care you receive from your Travel Director and the knowledge you gain about each land you visit. Our travel directors are high-caliber professionals who make you feel safe and important. They are knowledgeable about the history and culture of each destination, and they are passionate about sharing that knowledge with you. They know the best places to eat, the best places to see, the best times to visit. They are your personal guides, your personal historians, your personal storytellers. They are your partners in creating a convivial, welcoming atmosphere. They are your travel partners, your travel companions, your travel family. They are the heart and soul of your journey. They are the reason you travel. They are the reason you love travel. They are the reason you will never forget your journey.

The day is free to explore on your own. After breakfast, transfer to the airport for the return flight to your gateway city. Your tour director will assist you with your luggage at the airport and will help you with the check-in process. Your flight will depart for your home city, where you will be met by your travel director and will return you to your hotel. Your journey has come to an end. But your memories will last a lifetime. Thank you for choosingus as your travel partners. We hope to see you again soon. Goodbye and Godspeed!
