P.S. The Washington University Travel Committee strongly recommends that you purchase
travel insurance for every trip on which you plan to embark. Unforeseen circumstances may
cause you to cancel your trip at the last minute, and travel insurance will help to ensure that your
fees are refunded. Washington University does not offer its own travel insurance, but Gohagan
recommends a policy you may purchase.

Tanzania’s Serengeti—the “endless plains” of the Maasai, whose herdsmen and warriors have roamed its trackless grasslands for centuries—where nature and culture are inextricably linked, forms the heart of a unique ecosystem that encompasses the neighboring Ngorongoro Conservation Area and Kenya’s Maasai Mara National Reserve. Within its 5400 square miles, the Serengeti’s abundant diversity of natural habitats—short- and tall-grass savannas, acacia woodlands, meandering rivers and rich wetlands—provide a sanctuary for the greatest variety and number of game animals on Earth.

The key to the vitality of the Serengeti lies in the seasonal migrations of its wildlife in a rhythmic cycle triggered by the masika (long rains) and mvuli (short rains) between the Serengeti and the Maasai Mara. By November of each year, the Serengeti’s savannas have been replenished with a fresh growth of succulent grasses, herbs and shrub foliage; and splinter herds of more than one million wildebeest and countless zebra, gazelle and other grazing animals begin yet another southerly 250-mile-long trek from the Maasai Mara to the Serengeti, returning just in time for the January through March calving season, the prime time to view the herds in Tanzania. Commencing in May, at the end of the mating season, the cycle reverses as a new generation of these incredible herds trek back north toward the Maasai Mara, repeating nature’s pageant of migration and birth.

U.S.
Day 1
Depart for Tanzania.

Arusha, Tanzania
Day 2
Arrive at Kilimanjaro International Airport near Arusha, a city nestled at the foot of Mount Meru, gateway to Tanzania’s renowned national game parks. Transfer to the deluxe LAKE DULUTI SERENA HOTEL, built in the traditional style of a colonial coffee farm amid verdant coffee plantations near picturesque Lake Duluti.

Arusha/Tarangire National Park
Day 3
Enjoy a scenic, privately chartered flight over the sweeping African plains to Tarangire National Park and the distinctive TARANGIRE SAFARI LODGE tented camp. This afternoon, enjoy a game drive and your first sightings of the vast array of wildlife along the banks of the Tarangire River.

Join your fellow participants this evening for a Welcome Reception at the tented camp.

Tarangire
Day 4
Rise with the early African sunlight for a game drive to experience the park at dawn. Upon returning to the lodge, you can watch as herds of elephant gather near the drying riverbed in search of underground streams while migratory wildebeest, zebra, buffalo, impala, gazelle and eland crowd the banks. During your afternoon game drive, keep an eye out for lion and cheetah—Tanzania’s most powerful predators—in their natural habitat.

Tarangire/Lake Manyara National Park
Day 5
On your last early morning game drive in Tarangire, try to spot the kori bustard, the largest flying bird native to Africa, and the stocking-thighed ostrich. After breakfast, check out of the lodge and enjoy a scenic drive to Lake Manyara National Park. On arrival, check into the deluxe LAKE MANYARA SERENA SAFARI LODGE before embarking on an afternoon game drive. Enjoy the evening at leisure.

In the heart of the African wilderness, surprising photo opportunities occur as you explore the expansive grasslands of the Serengeti.
Lake Manyara/Ngorongoro Conservation Area

Day 6
After daybreak, drive through Lake Manyara National Park in search of hippopotamus and brilliantly hued flamingo found in pools along the lake’s shoreline. Watch for troops of baboons and blue monkeys scampering along tree branches of the groundwater forest. Scan the grassy floodplain in search of Cape buffalo, wildebeest, tusked elephant, giraffe and Lake Manyara’s most famous inhabitant, the lion, who likes to climb up and lie languidly over the branches of the acacia tree.

On the edge of the Great Rift Valley, observe firsthand Tanzania’s educational system during a stop at Kibaoni Primary School, the first public primary school in Tanzania with a library—visitors to the country donated most of its book collection. Meet the headmistress and see the school’s classrooms.

Continue to Ngorongoro Conservation Area, a UNESCO World Heritage site, and check into the deluxe NGORONGORO SERENA SAFARI LODGE, which clings to the rim of the magnificent crater, where each guest room offers stunning views of the natural surroundings and wildlife.

After a late lunch in the lodge, experience a cultural exchange this afternoon in a typical Maasai village with exuberant Tanzanians dressed in colorful traditional garments. These tribal people have held fast to their ancestral ways, centered around their cattle, which provide them with sustenance and clothing, and shape their cultural values.

Ngorongoro

Day 7
After breakfast, board a four-wheel-drive land cruiser and descend 2000 feet to the floor of Ngorongoro Crater, a remarkable sanctuary for hundreds of mammal and bird species, for a morning of game tracking.

Born from the collapse of a massive volcano over two million years ago, the crater shelters an immense year-round concentration of incredible wildlife. The profusion of game reflects the diversity of the habitats found on the crater floor: savannas, forests, swamps, salt pans and a freshwater lake. With abundant grass and a permanent water supply, the crater supports herds of grazing animals that, in turn, attract lion, leopard and cheetah.

Observe zebra, wildebeest, gazelle, Cape buffalo and bull elephant; watch for the critically endangered black rhinoceros; and look for hippopotamus seeking refuge from the midday sun in the Ngoitokitok Swamps. Also, watch for the numerous species of birds that find a home in the crater, including ostrich, crowned crane, flamingo and other waders. Together, the distinct flora and fauna of the crater make this a truly unique ecosystem.

Later, survey the crater and its abundant wildlife from your lodge’s viewing terrace, perched on the crater’s rim.

Ngorongoro/Oldupai Gorge/ Serengeti National Park

Day 8
Following breakfast, check out of the lodge and visit Oldupai Gorge, the most famous archaeological location in East Africa.
Formerly known as Olduvai, this was a mispronunciation of the Maasai word “Oldupai” for the type of wild sisal that grows around the gorge. Here, in 1960, Dr. Louis Leakey and his family made the important discovery of a 1.8-million-year-old Homo habilis. In 1959, his wife, Mary Leakey, unearthed the skull of Zinjanthropus, an early hominin that proved invaluable to the study of human ancestry. Enjoy a discussion on Oldupai Gorge, known as the “cradle of mankind,” given by a local expert.

Continue on a game drive to the legendary Serengeti National Park, a UNESCO World Heritage site. See the diverse and abundant fauna of this vast ecosystem, such as Thomson’s gazelle, giraffe, cheetah and leopard. Check into the deluxe SERENGETI SERENA SAFARI LODGE, located within the park and selected for its proximity to the park’s largest year-round concentration of wildlife.

Serengeti Days 9 and 10
One of the most spectacular moments you can experience in nature is to be surrounded by the great herds of wildebeest, gazelle, topi, zebra or Cape buffalo, part of more than two million animals inhabiting a mere 5400 square miles of savannas and woodlands. Explore the trackless grasslands that support this abundance of grazing animals during morning and afternoon game safaris. Look for granite kopjes (outcrops) dotting the plains, which are favored by large cats, especially lion and leopard. Experience world-class bird-watching possibilities with more than 500 species in the expansive swampland, which attracts thousands of waterbirds.

Enjoy a phenomenal aerial perspective of the Serengeti’s plains during an early morning hot air balloon flight option, weather conditions permitting.

Serengeti/Arusha Day 11
After an early morning game drive and breakfast, enjoy a scenic flight across the vast African plains in your privately chartered aircraft to Arusha. Continue to the deluxe LAKE DULUTI SERENA HOTEL for lunch, where day rooms have been reserved. Enjoy time at leisure, and after dinner on your own, transfer to the airport for your return flight to the U.S.

U.S. Day 12
Return flight to the U.S. arrives later today.
